<b>Wirkki</b>	V.	F

---

<sup>1</sup> The names on the original list are followed by an initial that signifies the nationality of the fishermen. The BCGS does not know how the nationality was determined and we recognize that these categorizations are a product of their time and would not be used today. Nonetheless, they have been included here because they may provide useful information to researchers.

BB = Bella Bellas, F = Finns, J = Japanese, N = Not Itemized, WC = West Coast. No identification for the 'K' category was provided.
